Treatment Narratives

- ★ Treatment narratives are normally required for the following:
 - Major services: Crowns, bridges, dentures, partials, implant crowns, core build ups
 - Periodontal services: scaling & root planing, perio surgery, implant placement, bone/gum graft, debridement, scaling in the presence, etc.
 - Night guards
 - Endodontics: root canals, apicoectomy, endodontic surgeries
 - Oral Surgery: Extraction, bone graft, implant placement, etc.
- ★ X-rays are generally required for all of the above procedures except night guards, but we suggest sending a FMS or pano with night guard claims anyway
- ★ Other attachments can include:
 - Previous dental records
 - narratives/summaries from a specialist provider
 - Intraoral photos
 - Primary explanation of benefits EOB
 - Legal documents for any treatment rendered as a result of workers compensation claim, car accident, etc.
 - Student status
